1. Multimedia Tools

Incorporate audio-visual materials in your sessions. Supplement text books with models, filmstrips, movies and pictorial material. Use info graphics or other mind mapping and brain mapping tools that will help their imagination thrive and grow. These methods will not only develop their ability to listen, but will also help them understand the concepts better. There are a lot of smart apps for preschoolers that you can utilize to create awesome slideshows or presentations.

Tools	Methods	Metaphor
Power Point Presentation by referring E-learning videos	Easy to prepare and it can be prepared with many of the popular multimedia techniques.	Slide based
Adobe Acrobat Reader	Easy to prepare and with word documents if u have Acrobat Reader 5 with many popular multimedia elements like graphs sound and charts	Book based
Smart Class Room	Teaching through Smart boards	Interactive based
Demonstration Videos and Lectures	Easy to prepare and download	Web Based learning
