**Briefly about trainers:** Ms.vasuki and Mr.Aravind selvam are experienced trainers in six phrase.

### Report in brief:

Placement training program was conducted for final year years of CSE and ECE selected students. "Wipro company specific training program" was trained by trainers of six phrase trainers who are from Coimbatore. They trained students on aptitude, quant, verbal ability which are very much important for attempting Wipro test. The six phrases has cloaked highest the higher conversion of placements in Chennai. Six day schedule is very planned and executed accordingly.

### Feedback of trainers:

The trainers expressed that the training went on interestingly; the students shared their doubts and clarified them. The sessions went on interactively and they have got good time training.

**Report in brief:** Mr. K. Kishore spoke that the course is intended to give a holistic understanding of data analytic techniques that can be performed using R platform. This course is designed by industry experts to meet the real world requirements for beginners and professionals. This course is envisioned with case studies, real-life projects. ExcelR familiarizes you with statistical models using R programming language and how the R language environment supports predictive modelling with machine learning and how Tableau's graphical representation transforms the people to solve data problems.

Students interacted with him and understood the benefits of attaining the training and mentioned that the session is a useful one.

Ms.Swetha from IV CSE has extended the vote of thanks.

**Profile of the Speakers:** Mr. Prasad B & Sreedhar are well experienced freelancers/trainers of verbal/aptitude.

**Report in brief by Organizer / Coordinator / Convener:**

Ramachandra College of Engineering Vatluru, is one of the biggest and most happening colleges in the West Godavari region. As part of trainings training was conducted in the college.

For the placements in colleges, company recruiters will conduct pre exam in that verbal and aptitude plays main role in securing jobs. In this some placement oriented papers are taken and solved by the students. So that the students can tackle all the verbal and aptitude test question papers by using shortcuts. Candidates can solve all types of tricky quantitative aptitude questions by practicing exercises given in the old question papers.

They have covered all the main topics starting from Aptitude Questions, current affairs, General knowledge, Interview questions, placement papers etc. They have given industry best training to equip with the current condition.

### Feedback of the trainer:

As verbal ability is very important for any student to attempt pre interview exam students got ready to face the exam without any hesitation. Students also cooperated well in the training and were very active in participating in the training.

### Feedback from students:

Students said that the training is very useful for them in attempting competitive exams as the topics covered almost all the content of 3exams.thay also felt happy that they were trained in a disciplined way.

### Assessor's Profile

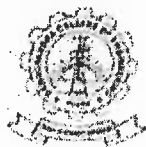

Mr.Bhanu Prakash is reputed trainer in multiple domains like Coding, Quantitative aptitude, Reasoning, etc. He has personally trained in many under graduate campuses before. He is currently associated with Governamnet service and has previously worked with the IT Sector as a Coder and Developer and also as a trainer. His experience has also made him an assessor.

### Report

Mr.Bhanu Prakash has conducted the online assessment for the IV year 195 students of CSE, ECE and EEE today in the Research lab. Today the assessment was based on Quantitative Aptitude. Speaking with the TPO he mentioned that if a student is good at Quantitave Aptitude, the probability of his / her being a good coder/ programmer is also high.

### Report in brief by Organizer / Coordinator / Convenor:

Ramachandra College of Engineering Vaituru, is one of the biggest and most happening colleges in the West Godavari region. As part of trainings AMCAT training was conducted in the college.

They introduced the concept AMCAT as a computer adaptive test which measures job applicants on critical areas like communication skills, logical reasoning, quantitative skills and job specific domain skills thus helping recruiters identify the suitability of a candidate. Till now 2 million students have taken test successfully. Every year 1.5 lakh students are taken based on the score of AMCAT. They also work with companies like Accenture, Snapdeal, Tata Motors etc.

It's a standardize test where it is easy to short list candidates through scores. Since every test taker is tested in same parameters it is very easy for recruiters. They gave how a test would be useful with examples, aptitude tests only measure a test taker's verbal comprehension and reasoning abilities, the AMCAT additionally evaluates personality traits and domain skills, thus becoming an ideal test to match jobs to candidates.

### Feedback of the trainer:

Trainers said that the training is very serious and students understood the intensity of how important the training is and followed sincerely. They motivated students to be serious in the training period. Students also supported during the training.

### Feedback from students:

Students said that the training is very useful for them in equipping new language. Students shared that it's a good opportunity for them to train in one of the important trainings for their future jobs. They can avail chances of job in MNC's with this training. They felt very impressive about the classes.

## Profile of the Speaker:

Mr K. Chandra Sekhar of APITA-AKC

He is a faculty from APITA and having about 8 years of experience in animation.

## Report

### 1. Report in brief by Organizer / Coordinator / Convener:

APITA has offered Animation certification for AKC registered students a free of cost training on Animation. And in this connection, Mr K. Chandra Sekhar has been deputed to our campus for giving training on Animation to our AKC registered students. The workshop went on well for the 3 days. Students were taught theory and given hands-on experience. Such type of hands-on experience will improve knowledge levels and grasping levels of students.

Mr.K.Chandrasekhar gave some introduction on animation. He said that it's a manipulation a dynamic medium in which images or objects are manipulated to appear as moving images. In traditional animation the images were drawn (or painted) by hand on cels to be photographed and exhibited on films.

He also conveyed from his experience about the physical movement of image parts through simple mechanics in for instance the moving images in magic lantern as animatronics. Students who are technically bright and who can get good score are getting rejected in the further rounds only because they don't have proper communication skills.

## Feedback from students:

Students expressed that they understood how creative they should be to face the competition in the present scenario. Innovative is important rather than creating new things. They should present themselves and their skills while doing project as well as in campus drives. All the students participated shared that they have learnt the basics and hands-on experience on Animation.

## Feedback from the resource person:

He expressed that he felt happy to interact with the students of Ramachandra College of Engineering and amused by the eagerness showed by the students in getting to know about the real time environment and their readiness to achieve. He suggested students to think big and creative in whatever they do.

Profile of the Speaker: These people are experienced trainers in training on AMCAT from Coign Consultants

### Report in brief by Organizer / Coordinator / Convener:

Ramachandra College of Engineering Vatluru, is one of the biggest and most happening colleges in the West Godavari region. As part of Training on AMCAT in Ramachandra College of Engineering invited Mr. Daniel, Suresh, Surya, senior level managers to make the students industry ready.

They introduced the concept AMCAT as a computer adaptive test which measures job applicants on critical areas like communication skills, logical reasoning, quantitative skills and job specific domain skills thus helping recruiters identify the suitability of a candidate. Till now 2 million students have taken test successfully. Every year 1.5 lakh students are taken based on the score of AMCAT. They also work with big companies like Accenture, Snapdeal, Tata Motors etc.

It's a standardize test where it is easy to short list candidates through scores. Since every test taker is tested in same parameters it is very easy for recruiters. They gave how a test would be useful with examples, aptitude tests only measure a test taker's verbal comprehension and reasoning abilities, the AMCAT additionally evaluates personality traits and domain skills, thus becoming an ideal test to match jobs to candidates.

### Feedback of the trainer:

Trainers said that the training is very serious and students understood the intensity of how important the training is and followed sincerely. They motivated students to be serious in the training period. Students also supported during the training.

### Feedback from students:

Students shared that it's a good opportunity for them to train in one of the important trainings for their future jobs. They can avail chances of job in MNC's with this training. They felt very impressive about the classes.

Profile of the Speaker: Mr. Abhilash & Farooq are free lancers/excellent trainers in Java and other computer languages.

### Report in brief by Organizer / Coordinator / Convener:

Ramachandra College of Engineering Vatluru, is one of the biggest and most happening colleges in the West Godavari region. As part of Training on Java we have invited Mr. Abhilash & Farooq to present key skills related to Java and Pure script.

In this training of java and pure script trainer told the importance of language how important learning it. He also said that u can breathe easy knowing that JavaScript supports some of the most important features of FP, including first class & anonymous functions and closures. However, JavaScript has to serve more than one master, including object-oriented and imperative programming. As a consequence, there are limitations and compromises when using JavaScript for FP.

It is a small, strongly typed language that compiles to human readable CommonJS, and other languages too. So if you don't find support yet for functions from your favorite JavaScript module, then it is not hard to include them yourself. He gave clear explanation on it.

### Feedback of the trainer:

Training went on very well that the students got enough knowledge on the subject. They are listening very sincerely the content and able to follow it.

### Feedback from students:

Students said that the training is very useful for them in equipping new language. They followed the trainer so that they are capable of doing that in future.

Profile of the Speakers: Mr. Prasad B & Sreedhar are well experienced freelancers/trainers of verbal/aptitude.

Report in brief by Organizer / Coordinator / Conveener:

Ramachandra College of Engineering Vatturu, is one of the biggest and most happening colleges in the West Godavari region. As part of trainings training was conducted in the college.

For the placements in colleges, company recruiters will conduct pre exam in that verbal and aptitude plays main role in securing jobs. In this some placement oriented papers are taken and solved by the students. So that the students can tackle all the verbal and aptitude test question papers by using shortcuts. Candidates can solve all types of tricky quantitative aptitude questions by practicing exercises given in the old question papers.

They have covered all the main topics starting from Aptitude Questions, current affairs, General knowledge, Interview questions, placement papers etc. They have given industry best training to equip with the current condition.

### Feedback of the trainer:

As verbal ability is very important for any student to attempt pre interview exam students got ready to face the exam without any hesitation. Students also cooperated well in the training and were very active in participating in the training.

### Feedback from students:

Students said that the training is very useful for them in attempting competitive exams as the topics covered almost all the content of 3exams they also felt happy that they were trained in a disciplined way.

### Report in brief by Organizer / Coordinator / Convener:

Ramachandra College of Engineering Vatluru, is one of the biggest and most happening colleges in the West Godavari region. As part of Training on soft skills we have invited Mr. Kennedy to present key skills related to communication.

In his presentation he spoke about soft skills can include social graces, communication abilities, language skills, personal habits, cognitive or emotional empathy, time management, teamwork and leadership traits. A definition based on review literature explains soft skills as an umbrella term for skills under three key functional elements: people skills, social skills, and personal career attributes.

A person's soft skill is an important part of their individual contribution to the success of an organization. So everyone needs to attain minimum the knowledge of soft skills.

### Feedback of the trainer:

Trainers said that students participated actively and understood the importance of learning soft skills. For any job in any organization every individual needs soft skills to maintain good relations. Students actively have done all the activities.

### Feedback from students:

Students are very much interested in learning the skills told by the trainer. They learnt very effectively. Such trainings are very important to have good interpersonal relations. They felt it's a good opportunity to be in this training.

Profile of the Speaker: Mr. Manohar, Narendra are experienced developers in training on software updates from Coign Consultants.

### Report in brief by Organizer / Coordinator / Convener:

Ramachandra College of Engineering Vatturu, is one of the biggest and most happening colleges in the West Godavari region. As part of imparting technical skills, Ramachandra College of Engineering invited Mr. Manohar and Narendra, senior level managers to make the students industry ready.

They trained on embedded system that it's a computer system with a dedicated function within a larger mechanical or electrical system, often with real-time computing constraints. It is very tough and can't believe our lives without AndroEmbedded systems control many devices in common use today. Ninety-eight percent of all microprocessors are manufactured as components of embedded systems. Embedded systems are commonly found in consumer, cooking, industrial, automotive, medical, commercial and military applications. Telecommunications systems employ numerous embedded systems from telephone switches for the network to cell phones at the end user.

### Feedback of trainer:

During the training, students are keen to learn the concepts without any interruption. Every one paid attention in the training. And also told that the students of Ramachandra College of Engineering and amused by the eagerness showed by the students in getting to know about the real time environment and their readiness to achieve.

### Feedback from students:

Students said that are very delighted to know about technology and its growth related to country. Learning and making understood how creative they should be to face the competition in the present scenario. This training is very important for them in securing jobs and also knowledge.
