The GATE 2018 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2018 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

The GATE 2018 score is calculated using the formula

$$GATE\ Score = S_q + (S_i - S_q) \frac{(M - M_q)}{(\bar{M}_r - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_r is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_i = 900$, is the score assigned to \bar{M}_r

In the GATE 2018 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2018 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Admission to the Master of Science in **Mechanical Engineering**

Dear prospective student,

I'm glad to inform you that your application to the two-year Master of Science (Laurea Magistrale) in **Mechanical Engineering** offered by the University of Cassino and Southern Lazio, Italy, has been positively evaluated. That is, you are eligible to be enrolled in **Fall 2018**.

The Master program is taught in English.

In order to complete the application procedure, we invite you to go through the following steps (according to the Italian law for non-European citizens living abroad).

You need to:

- I. Deliver **personally** your pre-application form + required documents to the competent diplomatic authority

The competent diplomatic authority is generally the Italian Embassy/Consulate closest to the place where the awarding institution is located. We suggest to go through this step at the soonest (even if deadline is on July 24).

To fill in the pre-application "A Form"

(http://www.studiare-in-italia.it/studentistranieri/moduli/2018/Modello_A.pdf), please consider that:

1. the Academic Year you are applying for is: **2018/2019**;
2. the official name of the University is: **University of Cassino and Southern Lazio**;
3. the programme is an ordinary 2nd cycle degree course named: **Mechanical Engineering**.

For the documents required by the Embassy, please check the Embassy website before applying. Do not forget to bring this *Eligibility for enrollment* letter (lettera di idoneità all'immatricolazione), duly signed by the University.

Given that the programme is taught in English, you **do not need** to provide any certificate as regards Italian language competences, neither to pass the Italian exam once in Italy. However, you need to provide a certificate proving your competence in English (unless your degree courses have been taught in English).

- II. Start your Visa application procedure (see <http://vistoperitalia.esteri.it/home/en>)

Note that the University of Cassino and Southern Lazio does not require that you present the Declaration of Value or any statement of comparability when you apply for the visa. These documents might be submitted at the time of the enrollment, upon your arrival in Italy.

Then

Once the Italian Embassy/Consulate notifies our University about your pre-enrollment application (this will happen at the end of July/ beginning of August), the University of Cassino and Southern Lazio will confirm to the Italian Embassy/Consulate you are eligible to enroll the programme.

ADMISSION LETTER
Eligibility for enrollment

Prot. n. ME00044 Date: 21/06/2018

To: CHALASANI MAHIPAL

Admission to the Master of Science in **Mechanical Engineering**

Dear prospective student,

I'm glad to inform you that your application to the two-year Master of Science (Laurea Magistrale) in **Mechanical Engineering** offered by the University of Cassino and Southern Lazio, Italy, has been positively evaluated. That is, you are eligible to be enrolled in **Fall 2018**.

The Master program is taught in English.

In order to complete the application procedure, we invite you to go through the following steps (according to the Italian law for non-European citizens living abroad).

You need to:

- I. Deliver **personally** your pre-application form + required documents to the competent diplomatic authority

The competent diplomatic authority is generally the Italian Embassy/Consulate closest to the place where the awarding institution is located. We suggest to go through this step at the soonest (even if deadline is on July 24).

To fill in the pre-application "A Form"

(http://www.studiare-in-italia.it/studentistranieri/moduli/2018/Modello_A.pdf), please consider that:

1. the Academic Year you are applying for is: **2018/2019**;
2. the official name of the University is: **University of Cassino and Southern Lazio**;
3. the programme is an ordinary 2nd cycle degree course named: **Mechanical Engineering**.

For the documents required by the Embassy, please check the Embassy website before applying. Do not forget to bring this *Eligibility for enrollment* letter (lettera di idoneità all'immatricolazione), duly signed by the University.

Given that the programme is taught in English, you **do not need** to provide any certificate as regards Italian language competences, neither to pass the Italian exam once in Italy. However, you need to provide a certificate proving your competence in English (unless your degree courses have been taught in English).

- II. Start your Visa application procedure (see <http://vistoperitalia.esteri.it/home/en>)

Note that the University of Cassino and Southern Lazio does not require that you present the Declaration of Value or any statement of comparability when you apply for the visa. These documents might be submitted at the time of the enrollment, upon your arrival in Italy.

Then

Once the Italian Embassy/Consulate notifies our University about your pre-enrollment application (this will happen at the end of July/ beginning of August), the University of Cassino and Southern Lazio will confirm to the Italian Embassy/Consulate you are eligible to enroll the programme.

### SCORE REPORTING

ETS's policies regarding score reporting and use are periodically reviewed and revised by the GRE Board. The policies and procedures explained in the 2013-14 GRE Information and Registration Bulletin are effective only for the time period of August 1, 2013 to June 30, 2014 and supersede previous policies and procedures in previous bulletins. GRE scores are reportable for five(5) years following the testing year (July 1 to June 30) in which you tested. Currently, GRE scores earned after July 1, 2008 are available.

### PERCENTILE RANK (% BELOW)

The percentile ranks in this report indicate the percentage of examinees who scored below your score. Note that these percentile ranks may be different from those that applied when the scores were originally reported to you if the scores were earned prior to July 2013. This reflects annual updating of these data to permit admissions officers to compare scores, whenever earned, with those for a recent reference group.

### RETAKING A GRE TEST

You can take the GRE revised General Test once every 21 days, and up to five times within any continuous rolling 12-month period. This applies even if you canceled your scores on a test taken previously. You may take the paper-based GRE revised General Test and GRE Subject Tests as often as they are offered. Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

### SCORES NOT REPORTED

ETS's policies regarding score reporting and use are periodically reviewed and revised by the GRE Board. The policies and procedures explained in the 2013-14 GRE Information and Registration Bulletin are effective only for the time period of August 1, 2013 to June 30, 2014 and supersede previous policies and procedures in previous bulletins. GRE scores are reportable for five(5) years following the testing year (July 1 to June 30) in which you tested. Currently, GRE scores earned after July 1, 2008 are available.

Note: This report is not valid for transmission of scores to an institution.

Organizing Institute for GATE 2016: Indian Institute of Science

The GATE 2016 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2016 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Dear ROHIT SHANMUKH VEGUNTA,

Your application to study in Canada has been approved. A permit authorizing your studies will be issued to you on your arrival to Canada following an examination by an officer of the Canada Border Services Agency, subject to your compliance with the requirements of the *Immigration and Refugee Protection Act* and its Regulations. The officer will ask to see this letter, your passport and may request to see your supporting documents, such as the letter of acceptance from your educational institution. Do not pack these or other valuable papers in your checked luggage. You can find out more about which documents you will need to bring with you by visiting www.cic.gc.ca/english/study/study-arriving.asp.

As you gather your documents, please take note of the following:

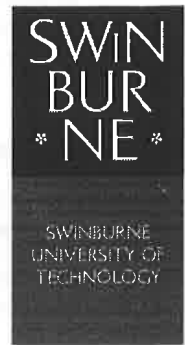

- **This letter is not a passport or travel document.** You will not be permitted to board your flight without your passport, even if you have this letter with you.
- **This letter is not an authorization permitting you to enter or remain in Canada.** An officer of the Canada Border Services Agency will make that determination upon your arrival to Canada.
- **This letter is important** because it contains information that will be used by the Canada Border Services Agency to issue your study permit. Please do not misplace it.

You must seek entry to Canada to obtain your study permit by 2018/07/31 (yyyy/mm/dd). Your passport must be valid beyond the period you intend to remain in Canada. If not, the validity of your study permit will not be issued beyond the expiry date of your passport, or, for United States citizens and permanent residents, the validity date of your identity document.

Note: As an international student in Canada, it is your responsibility to ensure that you continue to meet the conditions of your study permit, including the requirement to actively pursue studies. Your study permit will automatically become invalid 90 days after you complete your study program, regardless of the expiry date indicated on your study permit.
