Dear Sir / Madam,

Greetings from TCS iON...

We take this opportunity to appreciate and thank you for all the support that you have extended towards the conduction of our various online assessments at your prestigious institution throughout the year.

We look forward for the same kind of support for the upcoming months and years also.

As you all are aware that AP CETs - AP EAMCET, ICET, ECET, PGCET, EDCET & LAW CET exams are lined up starting from 20th of April 2019 till 06th May 2019 followed by APPSC assessments, we request you to look at the following parameters and take necessary actions to ensure defect free delivery during the exams.

These are applicable for every assessment.

- **Manpower** - All the nominated and eligible manpower must report on time on the mock and exam days. These manpower are to be sensitized on their roles, responsibilities, do's and don'ts. Training will be given by the assigned TCS Venue Head.
- **Power** - Both UPS and DG (Diesel Generator) must be serviced (at least in last 06 months) and must be in working condition. Dedicated and experienced electrician who can handle these equipment is very critical. Check battery voltages of DG and UPS to ensure there is no shortage of back up on the exam day. Battery voltage must be greater than or equal to **12 Volts**. Ensure that all exam related labs / nodes are connected to the UPS and DG. Proper management of earth pits are required to balance earth to neutral voltages - must be less than **2 volts**. Maintain minimum of **80%** fuel level in the DG. MCB must not be over loaded. Minimum of **15 mins** back up from the UPS on full load will help during the power outages (can have sufficient time to switch over to DG)
- **Network** - The preferred topology of network to conduct smooth examination is **STAR topology**. Network switches are to be of **1 GBPS** capacity. Must use company patch cords (**CAT 6**). Ensure that all switches are having UPS back up. Certified and experienced network technician is the key. All exam lab's uplinks are to be connected to the distribution switch. Distribution switch should be **manageable with loop prevention script enabled**. Please contact out technical team or respective TCS person for more details and help.
- **Basic Amenities** - . Waiting area, drinking water facility, wash rooms and canteen facility (if available) to be arranged for both candidates and parents / guardians. This will help in creating good WOM.

Thorough preparation is the key for successful delivery.

Let us all aim at ZERO defect assessment delivery.

Please feel free to contact the below for any queries.

Dear Sir / Madam,

Greetings from TCS iON.

We appreciate your efforts and support being extended for the conduct of the assessments in your esteemed institution.

As you know that we have prestigious exams (AP CETs) lined up in the coming two weeks, we would request you to have a closure watch and review on the below parameters which would help us in the smooth conduction of the assessments.

Key Focus Areas:

Power:

- ☐ One dedicated senior technician who knows the power input, output and connectivity to the UPS/LABS/Panels etc must be present on the mock days and exam days without fail.
- ☐ UPS to be in working condition with minimum of 15-20 minutes backup when there is a power interruption. All UPS batteries voltage must be checked (must be above 13 volts - each battery).
- ☐ Raw power input connections to the UPS to be checked.
- ☐ DG to be in working condition with fuel level at 80%.
- ☐ Check DG coolant level and engine oil level. The level to be maintained is up to the maximum level.
- ☐ DG Batteries voltage to be checked - each battery must have minimum of 12 Volts.
- ☐ DG changeover to be checked and it must be in working condition.
- ☐ Earth to neutral voltage has to be between 0 to 02 volts.
- ☐ Earth pits to be maintained well - to be watered regularly.
- ☐ UPS load is to be mapped / measured as 01 KVA to 05 nodes ratio.
- ☐ Proper ventilation and cooling facility to be arranged for UPS.
- ☐ Inform the area electricity board about the exams scheduled and request them to ensure uninterrupted power supply during the exams.

Network:

- ☐ Dedicated network technician / admin with back up network technician to be present on mock days and exam days.
- ☐ The preferred topology to have is STAR topology / partially STAR.
- ☐ Core switch has to be of 1 Gbps capacity.
- ☐ Maintain buffer switch and patch cables.
- ☐ Need to maintain company patch cords (Cat 6) for connecting primary, Backup, Netboot servers.
- ☐ Dedicated network technician / admin with back up network technician to be present on mock days and exam days.
- ☐ Proper ventilation cooling facility for switches.
- ☐ UPS back up to be given to the switches.

Manpower:

- ☐ Frisking - Frisking is an important activity that has to be carried out thoroughly to ensure that no prohibited articles are allowed inside the labs. Make sure that the nominated manpower for frisking are sensitized on the same.
- ☐ Invigilation: All nominated invigilators are to be sensitized on the sanctity of invigilation. Invigilators are not to be allowed with the mobile phones inside the labs. They must be vigilant enough to avoid any malpractices / usage of prohibited articles during the exam.
- ☐ Security / Volunteers - Keep sufficient number of security personnel / volunteers to handle the crowd and direct the candidates towards the respective labs.
- ☐ The minimum required ratio of the critical manpower would be shared by iON team.
- ☐ Biometric Registration Managers: Biometric registration managers are to be sensitized enough to avoid wrong registration of the candidates. Proper training would be provided by the deputed VH by TCS iON.
- ☐ Inform the nearest police station about the exam schedule and request to arrange police personnel during the exam days.

Facilities:

- ☐ Water: As we all know that this is summer and temperature would be very high in our geographies, it is needed to arrange sufficient drinking water facility available at labs / waiting area / cafeteria etc. Drinking water facility must be accessible to all the candidates and the parents / guardians during the exam.
- ☐ Wash Room: Well maintained and clean wash rooms for the candidates and parents / guardians.
- ☐ Food @ Canteen : You may direct the canteen staff to maintain sufficient food / snack items accessible to the candidates / parents / guardians as most of them would travel from out stations.

We wish to deliver the exam with zero defect, no delays and zero locks.

FACILITIES AGREEMENT

THIS FACILITIES AGREEMENT ("this Agreement") is made effective as of the Effective Date (specified in Schedule 1) by and between Tata Consultancy Services Limited, a company incorporated under the Companies Act 1956, with its corporate office located at TCS House, Ravline Street, 21 D. S. Marg, Fort, Mumbai 400001, hereinafter referred as 'TCS' (which expression shall include its successors and assigns) and the Party specified in the Schedule 1 to this Agreement hereinafter referred as a 'LISP' (which expressions shall, unless the context requires otherwise, include its successors and permitted assigns). NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. Definitions:-

"Confidential Information" shall mean and include all business strategies, plans and procedures, proprietary information, software program, documentation, tools, processes, methodologies, data and trade secrets, information relating to customers, employees, or business partners, and any other confidential or proprietary information and materials of the Disclosing Party, its affiliates, clients or suppliers that may be received or obtained by the Receiving Party as a result of this Agreement.

"Customer" shall mean the customer or customers of TCS to whom TCS is required to render Services from or using the Facilities.

This will be done by TCS by issuing specific Work Orders in the format attached herein as Schedule 3. The LISP, at their own discretion can choose to accept providing the Facilities to TCS by signing the aforesaid specific Work Order. LISP understands and agrees that time is of the essence of this Agreement and in the event of non-availability of the Facilities within the time agreed; TCS and its Customers would incur irreparable loss and damage both financial and reputational.

3. Term and Renewal:- This Agreement is effective during the Term as set out in Schedule 1 unless terminated earlier in accordance with the provisions of this Agreement.

4. Facilities:- On acceptance of the Work Order of TCS LISP shall make available the Facilities (as set out and specified in the said agreed Work Order) in working condition to TCS for the Usage Period throughout the Term. LISP shall allow free access to the Locations and the Facilities and shall assist and cooperate with TCS to enable TCS to render Services to its Customers. In the event, the LISP has agreed to provide personnel as part of Facilities; the LISP

shall ensure that such personnel have necessary expertise as required by TCS. LISP shall, at all times, comply with all work place or Location related rules, regulations or policies including confidentiality and other obligations under this Agreement. Notwithstanding anything contained herein, TCS shall be entitled to bring and take out its own tools, items, hardware, software, fixture, equipments or other materials as may be required for the purpose of rendering Services. LISP shall indemnify, defend and hold harmless TCS and the Customer from and against any and all liabilities, damages, claims, fines, penalties, and expenses whatever nature arising or resulting from breach of the aforesaid warranties or from the violation of any laws, rules, regulations or statutory requirements.

7. Limitation of Liability:- Neither Party shall be liable to the other for any special, indirect, incidental, consequential (including loss of revenue and/or profit), exemplary or punitive damages, whether in contract, tort or other theories of law, even if the Party has been advised of the possibility of such damages. The total cumulative liability of either party under this Agreement shall not exceed in aggregate the amount paid by TCS to the LISP under this Agreement. The limitation on any Party's liability herein shall not apply to liability for damages, resulting from (i) gross negligence or wilful misconduct; or (ii) breach of confidentiality obligations or (iii) breach of clause 4 (Facilities) and clause 6 (Representations and Warranties) by LISP.
