Report on “CASHLESS TRANSACTION PROGRAM UNDER N.S.S OF RCEE AT PALAGUDEM” held by department of Civil engineering, Ramachandra College of Engineering, Eluru on 30th July 2016.

Organized by : **Department of Civil Engineering**
Name of the Chief Guest : **Mr. N. Vekateswara rao**
Designation : **Panchayati president, palagudem**
Topic : **CASH LESS TRANSACTION**
Venue : **PANCHAYATI OFFICE PALA GUEDEM**
Date & Time : **10.12.2016 & 03.30 PM**

An N.S.S activity on Cash less transaction is organized at palagudem by department of civil engineering, Ramachandra College of engineering eluru.

The main objective of this N.S.S activity is to create the awareness on cashless transactions in villages.

We all know that now a day's black money and corruption increases day by day all over the country. Corers of black money were blocked by many persons. This causes increase in rates of daily utilities, fuel etc and this makes our country poorer. This can only be controlled by demonetization of old notes and release of new notes instead of old notes. This creates a platform to exchange their money with government in nationalized banks. By this way all the black money can be destroyed and can control the economy of the country.

To avoid the future problems on corruption and black money E - transaction or CASHLESS Transaction gives a better opportunity. In these transactions there is no need of any cash in hand. All the payments were paid off by online banking process. This total procedure was explained to the village people, positives in this system and clarifying their doubts about this process.

Our HOD Mr. B.Satyanarayana meets the precedent of that village and asked him to promote this cashless transaction process in that village. Students delivered a power point presentation on cashless transaction to create awareness. Some of the students went in to the village and shops explained about the cashless transactions. After the PPT a memento was presented to the president of the Panchyati by HOD.
