1. Report

The Department of S &H of Ramachandra College of Engineering, Eluru conducted a programme on Subhas Chandra Bose. He was born on 23 January 1897 in Cuttack, Orissa Division, Bengal Province, to Prabhavati Dutt Bose and Janakinath Bose. He was admitted to the Protestant European School (presently Stewart High School) in Cuttack, like his brothers and sisters, in January 1902. After securing the second position in the matriculation examination in 1913, he was admitted to the Presidency College where he studied briefly. He was influenced by the teachings of Swami Vivekananda and Ramakrishna after reading their works at the age of 16. He felt that his religion was more important than his studies.

His nationalistic temperament came to light when he was expelled for assaulting Professor Oaten (who had manhandled some Indian students) for the latter's anti-India comments. He was expelled although he appealed that he only witnessed the assault and did not actually participate in it. He later joined the Scottish Church College at the University of Calcutta and passed his B.A. in 1918 in philosophy. Bose left India in 1919 for England with a promise to his father that he would appear in the Indian Civil Services (ICS) examination. He went to study in Fitzwilliam College, Cambridge and matriculated on 19 November 1919. He came fourth in the ICS examination and was selected, but he did not want to work under an alien government which would mean serving the British. As he stood on the verge of taking the plunge by resigning from the Indian Civil Service in 1921, he wrote to his elder brother Sarat Chandra Bose: "Only on the soil of sacrifice and suffering can we raise our national edifice." He resigned from his civil service job on 23 April 1921 and returned to India.

Our principal Dr. Dola Sanjay S motivated the students about the life of Subhas Chandra Bose, his patriotism towards the country. The programme concluded with National Anthem.

1. Report

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930. In 1986, the National Council for Science and Technology Communication (NCSTC) asked the Government of India to designate 28 February as National Science Day which the then Govt. of India accepted and declared the day as National Science Day in 1986. The first National Science Day was celebrated on February 28, 1987.

In this regard RCEE Management, Students and Staff celebrated this event in memory of Sir C.V. Raman by conducting various events and distributed prizes to winners.

NATIONAL SCIENCE DAY

February 28

National Science Day (Rashtriya Vigyan Diwas) is celebrated in India on February 28 each year to mark the discovery of the Raman Effect by Indian physicist Sir. Chandrashekhra Venkata Raman on 28 February 1928. Raman was awarded the Nobel Prize in 1930 for his discovery.

Chandrashekhra Venkata Raman : was an Indian physicist whose work was influential in the growth of science in India.

Raman Effect : when light traverses a transparent material, some of the light that is deflected changes in wavelength. This phenomenon is now called Raman scattering and is the result of the Raman Effect.

Chandrashekhra Venkata Raman

Born : 7 November 1888

Died : 21 November 1970 (Aged 82)

Awards : Nobel Prize in Physics (1930)

Bharat Ratna (1954)

1. Report

National Technology Day will be celebrated on 11th May . It was started in the year 1998. This day marks India's progress across Science and Technology. The national Technology was coined by Late Prime Minister Atal Bihari Vajpayee. The Theme of National Technology Day in 2018 is "Science and Technology for Sustainable Future.

In our institution, We invited Sri Subbi Reggy garu as guest of honour for this programme. He delivered a valuable speech about current trending Technologies and how students should immigrate along with Technology. College Principal Dr. Dola Sanjay said "our college is moving with Technology and we are introducing programs that give a vast knowledge on current running technologies."

1.Profile Of the Speaker

Ramu Surya Rao is popular as RSR Master in academic circles and the student community of East and West Godavari districts for his humble demeanor and service activities. His popularity got him elected as an MLC from the East and West Godavari Teachers Constituency last year. RSR who got a helping nature from his childhood, believes in extension of aid to a poor student to pursue education is the noblest gesture as it enables him to achieve empowerment and self-reliance. He put his belief into practice thus making hundreds of poor students educated. RSR who worked as a lecturer in CR Reddy College, used to spend all his monthly salary for extending financial aid to economically backward students and for service activities. He made his home a hostel for the benefit of poor students. Serving the patients in the Government General Hospital is part of his daily routine. Even after becoming an MLC, there is no change in his daily routine. His simple lifestyle is a lesson for people's representatives who move in luxury vehicles. He is totally committed to people's service and their welfare.

2.Report in brief:

The program is started by honorable MLC R.surya Rao ,Ch. Subbi Reddy, K.prabakar, Dr Dola Sanjay. S by lighting the lamp .R.Surya Rao master said that as per instructions of the Commissioner of Youth Services, Vijayawada, National Youth Week (Yuva Mahostav) shall be conducted during Swami Vivekananda Birthday celebrations. The National Youth Day is observed all over India at schools and colleges with processions, speeches, recitations, music, youth conventions, seminars, competitions in essay-writing, recitations, speeches, music, sports, and other programs. The CEO Ch SubbiReddy addressed the students that along with academics have to participate in extra circular activities also which will keep them active throughout our life. The program was carried by different activities done by the students from different schools and colleges.

Swami Vivekananda Quotes:

“Arise awake and stop not until the goal is achieved.”

“Take risks in your life, If you win, you can lead! If you loose, you can guide!”

“Strength is life; weakness is death.”

“If you think yourselves strong, strong you will be.”

1. Report

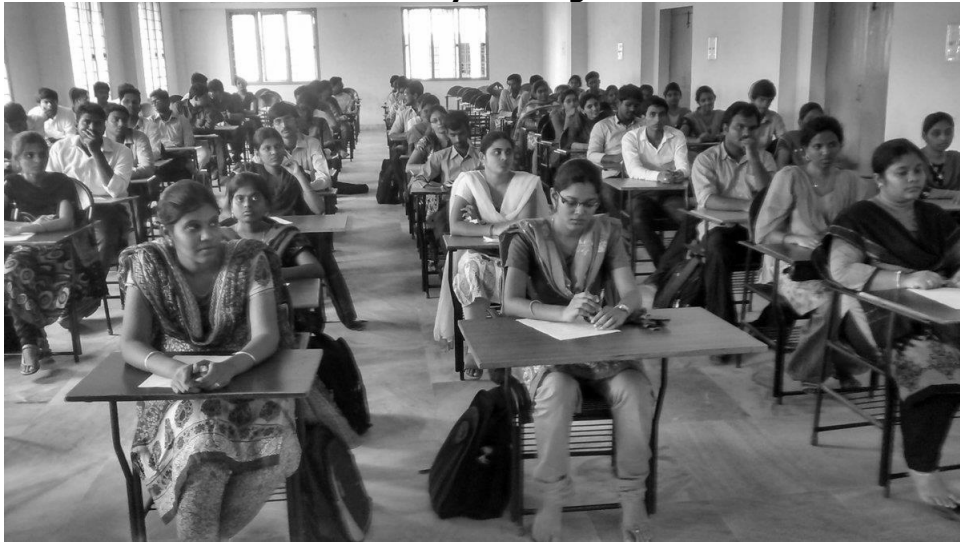

National Education day on 11th November 2018, as a remembrance of the Birth Anniversary of Maulana Abul Kalam Azad. Maulana Abul Kalam Azad was a great freedom fighter and eminent educationist. He was responsible for setting up of apex bodies such as AICTE and UGC. IITs, IISc and School of Architecture and Planning were also his brainchild. One of the interesting facts about Maulana Azad is that even though he did not receive formal schooling, he was well versed in Urdu, Persian, Arabic, and Hindi. He was also a scholar of mathematics, philosophy, world history, and science. Maulana Azad was also a prominent journalist of his time and championed the cause of Indian Nationalist movement. Hence the Government of India with a resolution dated September 11, 2008, has declared November 11, the birth anniversary of Maulana Abul Kalam Azad, the first Union Minister of Education, as National Education Day

On that occasion Essay writing, elocution and poster competitions were conducted on 10.11.18 and 12.11.18 for students highlighting the importance of education and the nation's commitment to all aspects of education. Many students participated with great enthusiasm Dr.Dola sanjay S, Principal, RCE addressed the students and spoke about the importance of education, how it shapes our personality and our future. Around 250 students participated in the event.
