1. Report in brief by Organizer / Coordinator / Convener:

There Republic Day Celebration organized by RCE, Eluru in associated with principal, staff and students participated in this Celebration. Students started with march past and the program was initiated by the students singing the Vandematharam. Later national flag was hoisted by the principal of our college.

Principal sir says how to get Republic Day. In India, republic day is celebrated annually as national festival all over India to honor the day when the constitution of India came into action as the governing document of India. It is celebrated every year since 1950 to remember the occurrence of Indian constitution. Republic day is a national holiday all over India. It is celebrated on 26 January is to celebrate the *Purna Swaraj Day*, which was earlier planned for January 26, 1930, at Lahore. Despite India got independence in 1947, the first republic day was celebrated three years later on January 26, 1950. The function came to an end with our National Anthem after that sweets were distributed among the students.

Vasavi Clubs International - VIPPRO 2016

BIO DATA OF
Vn. Golden KCGF Tiriveedhi Venu Gopal
International Secretary, VCI-2016

With the gifted leadership qualities in Vn. Venugopal, he is serving in various service organizations with in the country as well as in International organizations. Sri Venugopal was born in a traditional business community family to Sri Satyanarayana and Smt. Nagamani on 22nd November, 1974 at Adamilli, Dist. West Godavari. He has completed his graduation in commerce and psychology. He is married to Smt. Varalakshmi and they are blessed with two daughters namely Lakshmi, Mounika and Seemra Satvika.

In recognition to his activities during college days itself, he has been elected unanimously as the president of the Students Union. As his parents resides in Chintalapudi doing Bullion Business, identified the future growth of the nearby village Jangareddigudem, and wished to have a proper placement with good reputation for their family in that place. Vn. Venugopal's father and Vn. Venugopal's 2 brothers made our Vn. Venugopal to start a Gold Business in Jangareddigudem. Making their assessment correct, now Jangareddigudem became a Municipality and their vision became true. Vn. Venugopal, being a Bullion Merchant, extended his services to the business association, and served as the President of The Jangareddigudem Pawn Brokers and Bullion Merchants Association during 2013 and 2014.

At a very young age itself he has realized the social responsibility and started rendering need based activities to the society. During the course, he got attracted to Vasavi Clubs services and joined in the Jangareddigudem Vasavi Club and served to the needy at various levels as Club President, Zone Chair Person, Deputy Governor and then as Governor of Vasavi Clubs International District V 202 A consisting of both East and West Godavari Revenue Districts of Andhra Pradesh with 100 plus clubs. His dynamic leadership proved again and again, by getting recognition at international level as the Best President, Best Zone Chairperson, Best Deputy Governor and the Super Best Governor for the year 2011.

Apart from Vasavi Movement, he has served as President of Town Arya Vysya Youth Association in Chintalapudi in 1995 and Jangareddigudem Town Arya Vysya Sangham President during 2013 & 2014. He is also a life member in Andhra Pradesh Arya Vysya Maha Sabha. He has given donations to various temples.

Keeping the experience in view and the observations made on the youth, he thought of becoming a trainer and motivator for which he has spent huge amount of his time, talent, treasure. He has felt that if the youth is trained well in the country, our country will be no. 1 in the world. At last he has graduated as a trainer, motivator and become official trainer. To discharge the responsibility as a citizen of this great country INDIA, he has opted for this profession.

From then onwards he has conducted more than 140 seminars, workshops and motivated nearly 70 thousand citizens/students in the name of VALT, NAVA JAGRUTI, YUVA JAGRUTI and JANNA JAGRUTI. In order to express his views and thoughts, he has written a book namely "VUETHA", which has become very popular.

Apart from the student trainings, he is an excellent counsellor who resolved the redresses among the couples who have gone to the extent of preferring divorce by parting away and fear from overcoming the suicide for which their family members always loyal to the leader.

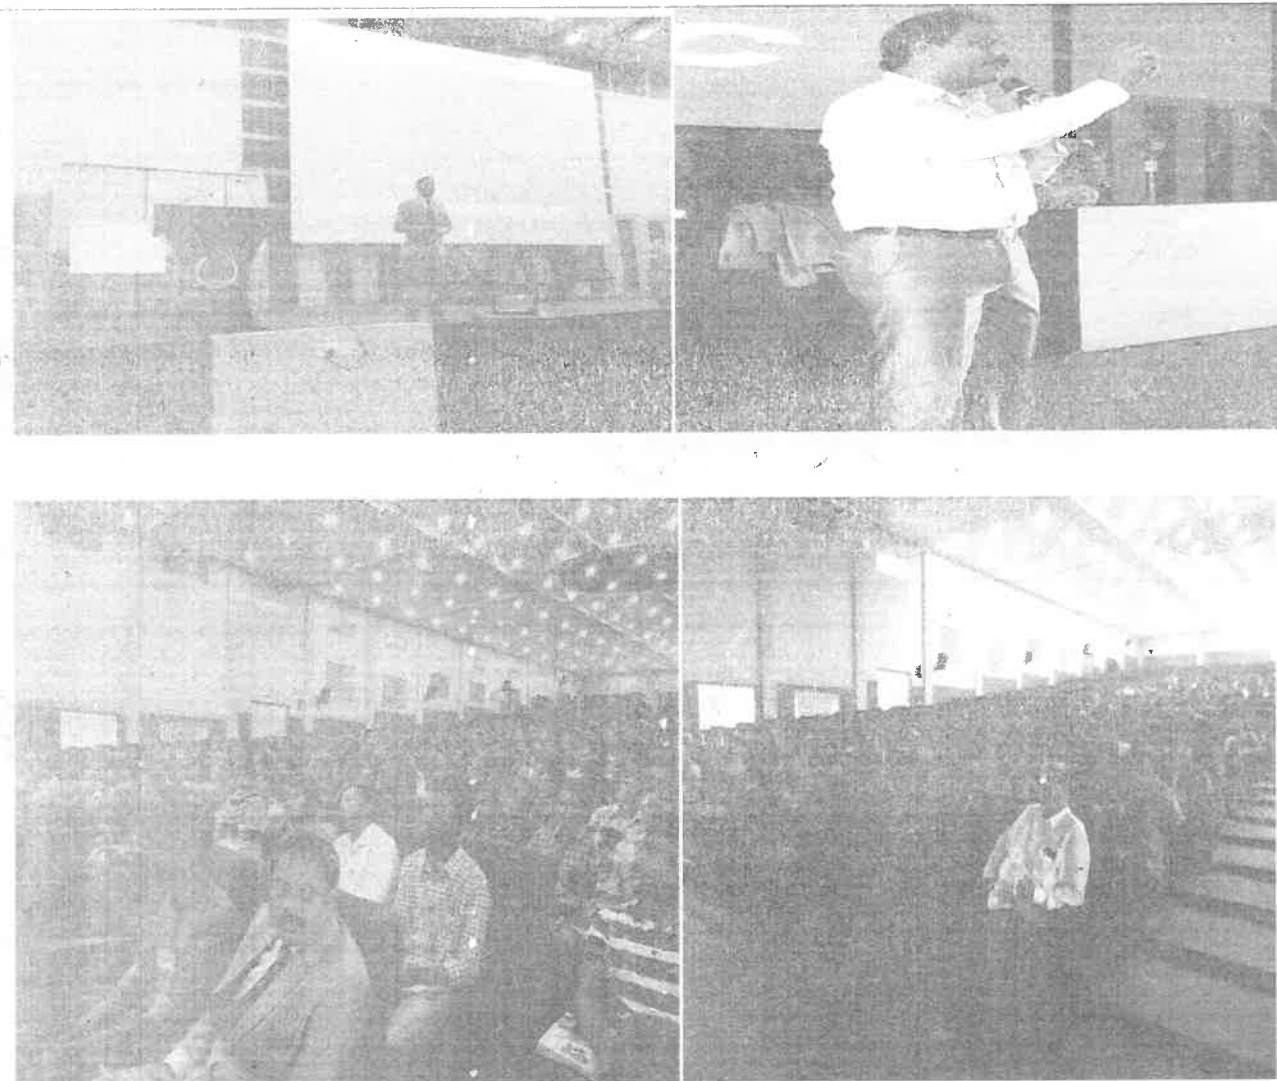

1. Report

On 12 December 2017, The Department of S &H of Ramachandra College of Engineering, Eluru conducted a programme on Subhas Chandra Bose. He was born on 23 January 1897 in Cuttack, Orissa Division, Bengal Province, to Prabhavati Dutt Bose and Janakinath Bose. He was admitted to the Protestant European School (presently Stewart High School) in Cuttack, like his brothers and sisters, in January 1902. After securing the second position in the matriculation examination in 1913, he was admitted to the Presidency College where he studied briefly. He was influenced by the teachings of Swami Vivekananda and Ramakrishna after reading their works at the age of 16. He felt that his religion was more important than his studies.

His nationalistic temperament came to light when he was expelled for assaulting Professor Oaten (who had manhandled some Indian students) for the latter's anti-India comments. He was expelled although he appealed that he only witnessed the assault and did not actually participate in it. He later joined the Scottish Church College at the University of Calcutta and passed his B.A. in 1918 in philosophy. Bose left India in 1919 for England with a promise to his father that he would appear in the Indian Civil Services (ICS) examination. He went to study in Fitzwilliam College, Cambridge and matriculated on 19 November 1919. He came fourth in the ICS examination and was selected, but he did not want to work under an alien government which would mean serving the British. As he stood on the verge of taking the plunge by resigning from the Indian Civil Service in 1921, he wrote to his elder brother Sarat Chandra Bose: "Only on the soil of sacrifice and suffering can we raise our national edifice." He resigned from his civil service job on 23 April 1921 and returned to India.

Our principal Dr. Dola Sanjay motivated the students about the life of Subhas Chandra Bose, his patriotism towards the country. The programme concluded with National Anthem.

1.Profile Of the Speaker

Ramu Surya Rao is popular as RSR Master in academic circles and the student community of East and West Godavari districts for his humble demeanor and service activities. His popularity got him elected as an MLC from the East and West Godavari Teachers Constituency last year. RSR who got a helping nature from his childhood, believes in extension of aid to a poor student to pursue education is the noblest gesture as it enables him to achieve empowerment and self-reliance. He put his belief into practice thus making hundreds of poor students educated. RSR who worked as a lecturer in CR Reddy College, used to spend all his monthly salary for extending financial aid to economically backward students and for service activities. He made his home a hostel for the benefit of poor students. Serving the patients in the Government General Hospital is part of his daily routine. Even after becoming an MLC, there is no change in his daily routine. His simple lifestyle is a lesson for people's representatives who move in luxury vehicles. He is totally committed to people's service and their welfare.

Report

1. Report in brief by Organizer / Coordinator / Convener:

National Mathematics day is celebrated on Srinivasa Ramanujan's Birth Anniversary, who, despite not have a proper training and education in Mathematics, became one of the greatest Mathematicians. He has been responsible for solving many seemingly impossible equations. His contribution to the field, like the Ramanujan prime, and Ramanujan Theta function has helped the field immensely. Ramanujan died at the age of 32, but his significant theories and discoveries have not been forgotten since then and won't ever be. So, the Department of S&H planned for a guest lecture on this occasion. The program has been conducted with the heartfelt wishes of Our chairman Mr.Ghanta Ramachandra Rao and our Secretary Mr.G.Venugopal.

The program starts with the prayer song, followed by inviting the dignitaries on to the dais. And our Principal addressed the gathering. Our principal Dr. Dola Sanjay.S deeply explained the importance of improving mathematical skills. And he appreciated the Department of S&H for arranging this kind of program. **On that occasion**, Dr.Swetha, handled the lecture session on the applications of

differential equations in the brief manner. And also, she advised the students not to study mathematics as one of the subject, but it will act as heart of each and every problem related to the technical field.

BIO DATA OF
Vn. Golden KCGT Tiruveedhi Venu Gopal
 International Secretary, VCI-2016

With the gifted leadership qualities in Vn. Venugopal, he is serving in various service organizations with in the country as well as in international organizations. Sri Venugopal was born in a traditional business community family to Sri Suryanarayana and Smt. Nagamma on 22nd November, 1974 at Adamili, Dist. West Godavari. He has completed his graduation in commerce and psychology. He is married to Smt. Varalakshmi and they are blessed with two daughters namely Lakshmi Moulika and Suvarna Saranya.

In recognition to his activities during college days itself, he has been elected unanimously as the president of the Students Union. As his parents resides in Chinthalapudi, doing Bullion Business, identified the future growth of the nearby village Jangareddigudem, and wished to have a proper placement with good reputation for their family in that place. Vn. Venugopal's father and Vn. Venugopal's 2 brothers made cur Vn. Venugopal to start a Gold Business in Jangareddigudem. Making their assessment correct, now Jangareddigudem became a Municipality and their vision became true. Vn. Venugopal, being a Bullion Merchant, extended his services to the business association, and served as the President of The Jangareddigudem Pawn Brokers and Bullion Merchants Association during 2013 and 2014.

At a very young age itself he has realized the social responsibility and started rendering need based activities to the society. During the course, he got attracted to Vasavi Clubs service and joined in the Jangareddigudem Vasavi Club and served to the needy at various levels as Club President, Zone Chair Person, Deputy Governor and then as Governor of Vasavi Clubs International District V 202 A comprising of both East and West Godavari Revenue Districts of Andhra Pradesh with 100 plus clubs. His dynamic leadership proved again and again by getting recognition at International level as the Best President, Best Zone Chairperson, Best Deputy Governor and the Super Best Governor for the year 2011.

Apart from Vasavi Movement, he has served as President of Town Arya Vyasa Youth Association in Chinthalapudi in 1995 and Jangareddigudem Town Arya Vyasa Sangham President during 2013 & 2014. He is also a life member in Andhra Pradesh Arya Vyasa Maha Sabha. He has given donations to various temples.

Keeping the experience in view and the observations made on the youth, he thought of becoming a trainer and motivator for which he has spent huge amount of his time, talent, treasure. He has felt that if the youth is trained well in the country, our country will be no. 1 in this world. At last he has graduated as a trainer, motivator and become official trainer to discharge the responsibility as a citizen of this great country INDIA, he has opted for this profession.

From then onwards he has conducted more than 140 seminars, workshops and motivated nearly 70 thousand citizens/students in the name of VALT, NAVA JAGRUTI, YUVA JAGRUTI and JANA JAGRUTI. In order to express his views and thoughts, he has written a book namely "VIJETHA", which has become very popular.

Apart from the student trainings, he is an excellent counsellor who resolved the addresses among the couples who have gone to the extent of preferring divorce by parting away and fear from overcoming the suicide for which their family members always loyal to this leader.

REPORT:-

The Awareness programme in prevention of mosquitoes has been organised by RCEE students at 25th Division, Ameenapeta, Eluru. West Godavari District. A.P.,

MOTTO FOR THE PROGRAM:-

Mosquito-control operations are targeted against three different problems:

1. Nuisance mosquitoes bother people around homes or in parks and recreational areas, living areas.
2. Economically important mosquitoes reduce real estate reduce real estate values, adversely affect tourism and related business interests, or negatively impact livestock or poultry production.
3. Public healthy is the focus when mosquitoes are vectors, or transmitters, of infectious disease.

Our College Students consulted local ward councillor and discussed the problems

Visited the surrounding place in Ameena peta, and Monitoring mosquito populations.

Interact with house holders

Intract with local shope keepers

FIND OUT THE PROBLEMS :-

Since many mosquitoes breed in standing water, source reduction can be as simple as emptying water from containers around the home. This is something that homeowners can accomplish. We can eliminate mosquito breeding grounds at home by removing unused plastic pools, old tires, or buckets, by clearing clogged gutters and repairing leaks around faucets, by regularly (at most every 4 days) changing water in bird baths, and by filling or draining puddles, swampy areas, and tree stumps. Eliminating such mosquito breeding areas can be an extremely effective and permanent way to reduce mosquito populations without resorting to insecticides.

Open water marsh management involves the use of shallow ditches, to create a network of water flow within marshes and to connect the marsh to a pond or canal. The network of ditches drains the mosquito habitat and lets in fish which will feed on mosquito larvae. This reduces the need for other control methods such as pesticides. Simply giving the predators access to the mosquito larvae can result in long-term mosquito control.

Suggestions for how to avoid mosquito bites:-

1. Wear mosquito repellent
2. Consider an all-natural solution.
3. Wear loose, long-sleeved shirts and long pants when outdoors.
4. Don't waste money on an electric hanging bug "Zapper."
5. Sleep with a mosquito net over your bed.
6. Avoid standing water.
7. Grab the mosquito out of the air.

Total No of Students Attended			400

Profile of speaker: Prof. Srinivas has very vast experience in teaching Engineering Mathematics. He strongly believes that teaching Mathematics to engineering students is a challenging job because of mainly two reasons.(i) one need to convince the students in explaining the mathematical concepts without using much rigorous mathematical theories and formulae.(ii) one should explain the concepts by making a student to visualize those concepts. Prof. Srinivas prepared certain animations and visuals to explain clearly the concepts .

Prof Srinivas is a good researcher. He published research papers of god quality and has publications in reputed National and International Journals.

He was a resourse person for many workshops , Faculty development programs . He delivered key note addresses /Invited talks at conferences and chaired the sessions.
